Members' Business motions that have not achieved cross party support

***[S6M-12285](#) Emma Harper: Eating Disorders Awareness Week 2024** —That the Parliament recognises that the week of 26 February to 3 March is Eating Disorders Awareness Week 2024, and that the theme for 2024 is avoidant/restrictive food intake disorder (ARFID); understands that eating disorders affect one in 50 people across Scotland and the wider UK, and that more people lose their lives due to eating disorders than any other mental health condition; further understands that ARFID is a largely unknown and misunderstood eating disorder, which can have serious consequences for health if left untreated; considers that the number of people affected by ARFID is unknown, and that treatment is not currently available nationwide, with many people with ARFID, or those who suspect they may have the condition, reporting difficulty in accessing treatment and support both in Scotland and across the whole of the UK; welcomes the work of Beat Eating Disorders, a UK-wide charity working to support those living with eating disorders, and their families; understands that, in 2023 alone, Beat provided more support in Scotland than ever before thanks to what it sees as generous funding from the Scottish Government, but that demand has been so high that Beat reports that it has had to pause sign-ups to many of its programmes; welcomes the Scottish Government's funding of £120 million in 2022 for the Mental Health Recovery and Renewal Fund, with a focus on additional support for mental health in primary care settings and enhanced community support; notes the calls for the Scottish Government to provide an update on its current work to support all those impacted by an eating disorder, and to set out how it will ensure that crucial eating disorder services are protected within what it considers to be the challenging fiscal landscape, and further notes that anyone in Scotland with concerns about an eating disorder can seek support either from their GP surgery, which can point them to the most appropriate healthcare provider, or from Beat, which can be contacted seven days a week on 0808 801 0432 or through its helpful website, beateatingdisorders.org.uk.

***[S6M-12201](#) Kenneth Gibson: Russia's Invasion of Ukraine Two Years On**—That the Parliament acknowledges that, on reaching the second anniversary of the unprovoked, brutal and illegal Russian invasion of Ukraine of 24 February 2022, the conflict still rages; notes reports that hundreds of thousands of soldiers and civilians have been killed and maimed, with vast areas of Ukraine and many of its towns and cities devastated and millions displaced; believes that, as the

world's eyes have been averted elsewhere, Ukraine's army is becoming increasingly exhausted and bloodied in a war against a numerically superior opponent with greater material resources and that is prepared to sacrifice tens of thousands of its citizens in an ongoing war of attrition; considers that the USA and its allies, from the start, appear to have had an undeclared policy of stopping Ukraine losing while providing far too little of the materiel required to liberate the 18% of Ukraine that is currently reported to be under Russian occupation; further considers that Hungary's veto in the EU and internal politics in the USA have combined to starve Ukraine of critical munitions and financial support, forcing it on the defensive; recognises the UK's £12 billion of military and financial assistance committed to Ukraine since the invasion, and notes the view that only with the provision of the EU and USA funding and weaponry previously promised, and more, can Ukraine hope to liberate its territory, ultimately end the conflict and secure a peaceful future for its people and Russia's.

Members' Bills Proposals

Proposals for Members' Bills

A member seeking to introduce a Member's Bill must first lodge a draft proposal, together with a consultation document (or a statement of reasons why consultation is not considered necessary). Subsequently, the member may lodge a final proposal, in broadly similar terms to the draft, accompanied by a summary of consultation responses (or the statement of reasons). The member secures the right to introduce a Bill to give effect to the proposal if the final proposal secures, within one month, the support of at least 18 other members from at least half the political parties or groups represented in the Parliamentary Bureau, and provided no statement is made that the Scottish Government is planning equivalent legislation.

All current proposals (together with associated documents) are available on the Scottish Parliament website at [Proposals for Members' Bills/Session 6 Proposals](#):

[Proposals for Bills – Scottish Parliament | Scottish Parliament Website](#)

Final Proposal

Rhoda Grant: Proposed Right to Food (Scotland) Bill—Proposal for a Bill to incorporate the human right to food into Scots law and provide for a body to be responsible for oversight and reporting. (lodged 21 February 2024)

The proposal was accompanied by a summary of consultation responses, which is accessible online via the website page referred to above. The summary, and individual responses, may also be viewed in the Scottish Parliament Information Centre (SPICe).

Progress of Legislation

A list of all Bills in progress can be accessed via the Scottish Parliament website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
