### Members' Business motions that have not achieved cross party support

**\*[S6M-13534](#) Foysoyl Choudhury: Recognising the Benefits of Active Travel to Public Health and Communities**—That the Parliament recognises what it sees as the benefits of active travel to public health and communities; understands that active travel involves journeys made by modes of transport that are fully or partially people powered, such as walking, wheeling or cycling; considers that active travel is proven to improve the physical and mental health of members of the public, with the Sustrans Walking and Cycling Index stating that walking and cycling prevents over 2,700 serious long-term health conditions every year in Edinburgh and Glasgow; recognises what it sees as the barriers that exist for some groups in adopting active travel with, it understands, just 62% of women feeling safe walking in their local area at night, compared with 89% of men, and disabled people, who are underrepresented in active travel, reportedly making fewer journeys and travelling smaller distances on average, according to the Scottish Household Survey; notes the view that Scotland's streets and systems of travel can be designed to promote the adoption of active travel, for example, by integrating public transport with active travel, and providing street furniture such as secure cycle parking or pavement widening planters; welcomes the reported adoption of active travel plans and projects by Scottish local authorities; notes in particular the recently completed City Centre West to East Link in Edinburgh, which connects the Water of Leith and Picardy Place with protected cycle routes and cyclist and pedestrian priority at key junctions; acknowledges what it sees as the role that organisations such as Living Streets Scotland play in promoting active travel to the public, for example, through its recent walk-to-school campaign, The Magic of Walking; notes the belief that encouraging the adoption of active travel is vital for reducing congestion and pollution in Scotland's communities, and for reaching Scotland's 2045 climate change targets, and further notes the hope that there is continued support for, and growth of, active travel.

## Progress of Legislation

A list of all Bills in progress can be accessed via the website at:

<https://www.parliament.scot/bills-and-laws/bills>

For each Bill, the date of the next (or most recent) event in the Bill's passage is given. Other relevant information, e.g. about lodging amendments, is given in italics.

As soon as a Public Bill (i.e. a Government, Committee or Member's Bill) has completed Stage 1, amendments for consideration at Stage 2 may be lodged; and as soon as Stage 2 is completed, amendments for Stage 3 consideration may be lodged. The last lodging day for amendments at Stage 2 is four sitting days before the meeting at which those amendments will be considered (e.g. Wednesday for a meeting on Tuesday); at Stage 3 it is five days before. Amendments may be lodged until 4.30 pm on any sitting day, except on the last lodging day for each Stage, when the deadline is 12 noon.

A Hybrid Bill is subject to the same rules except in the case of Stage 2 where amendments for consideration may be lodged no earlier than the completion of any consideration of evidence at Stage 2.

Amendments to Private Bills are subject to different deadlines. These are set out in Rule 9A.12 of Standing Orders.

Members are advised to lodge amendments in good time before the beginning of a Stage and as early as possible during the day.

(G) = Government Bill; (M) = Member's Bill; (C) = Committee Bill; (P) = Private Bill; (H) = Hybrid Bill.
