I move,

As an amendment to motion S6M-19894 in the name of Douglas Lumsden (Backing Oil and Gas), leave out from first "the Scottish" to end and insert "that the Conservative Party, while in the UK Government, extended the Energy Profits Levy and failed to replace it with a sustainable fiscal regime that supports a just transition, and recognises that communities in Scotland are now paying the price of the UK Conservative administration's levy on Scottish industry."

I move,

That the Parliament regrets the Scottish Government's ideological drive to end North Sea oil and gas exploration and production; notes the negative impact on oil and gas jobs, energy security, the economy and the environment of the Scottish Government's failure to pursue an informed, data-led, evidence-based North Sea policy; demands the immediate and unequivocal reversal of the Scottish Government's presumption against new oil and gas exploration and production, and calls on the UK Government to immediately abolish the Energy Profits Levy.
